A Collective Efficiency Strategy (CES) recognized by the COMPETE program in 2009

MISSION

Promote the development of cooperative relations between scientific institutions, enterprises and associations from different sectors and activities whose functional area of final demand is the sea
1. ABOUT US

Networking
Innovation
Internationalization
Sustainability
1. ABOUT US

- Monitoring Anchor Projects
- Stimulate New Projects Ideas and New Business Opportunities
- Promote Networking between partners
- Dissemination of Maritime affairs
- Reinforce International cooperation

Bottom-up approach
2. OUR PARTNERS

61 Partners

- Companies 30
- I&DT/Universities 14
- Associations 11
- Local Authorities 6
2. OUR PARTNERS

- Shipbuilding and Repair
- Fishing, Aquaculture and Fish processing
- Maritime tourism and Recreational sailing
- Maritime transport and Port infrastructures
- Marine technology / New products and materials
- Offshore energy
3. ANCHOR PROJECTS

within the scope of the CES Sea Knowledge and Economy Cluster

- **PCT Mar UP**
  Sea Science and Technology Centre, University of Porto
  
  R&D, technology transfer, business incubation, training, science communication and outreach
  
  Investment: 4.4M € (ON2)

- **New Cruise Terminal of Leixões**
  Project of the Port Authority of Leixões (ADPL)
  
  Investment: 49.8 M € (ON2)
3. ANCHOR PROJECTS

within the scope of the CES Sea Knowledge and Economy Cluster

- **Consupesca**
  - Reduction of fuel in the fleet and the inshore trawl
  - With IPMA
  - Investment: 472.502 € (PROMAR)

- **ECOMARE**
  - Marine aquarium, marine animal rehabilitation centre, Oceanographic Laboratory
  - With University of Aveiro
  - Investment: 4.8 M € (MaisCentro)
3. ANCHOR PROJECTS

within the scope of the CES Sea Knowledge and Economy Cluster

- **Panthalassa**
  Food safety in the chain of fish conservation and processing
  
  With UCP/Bioinstrument / IPVC/ 3B’s / FoodInTech / A Poveira
  Investment: ~1 M€ (ON2)

- **Nautical Center of Viana do Castelo**
  Recreational boating and water sports
  
  With CIM-Alto Minho
  Investment: ~17 M€ (ON2)
3. ADDITIONAL PROJECTS in several areas

Robotics

Electronics & Information Systems

Offshore Energy

Biotechnology

Acquaculture

New Materials
Atlantic Strategic Plan Priorities

Coordination: with collaboration of

Desafios do Mar 2020
Estratégias de Eficiência Coletiva
4. OTHER ACTIVITIES

UIM 2013
13-26 of July
27 July – 6 August
6 – 18 August
4. OTHER ACTIVITIES

International Cooperation
Thank you!
