ECOMARE and the Portuguese sea cluster

Ecomare is an anchor project of the Sea Knowledge and Economy Cluster plan of action and it operationalizes the first priority line of the cluster, cross-cutting all other priority lines that organize the cluster strategy, including governance and marine environmental protection.
ECOMARE: mission

Render R&D + Innovation services and technology transfer to companies and governmental and international organizations, on marine sciences and technologies, with a view to sustainable use of maritime resources.
ECOMARE: partners

Rehabilitation Center of Marine Animal at Quiaios (Portuguese Wildlife Society)

Municipality of Ílhavo

Port of Aveiro S.A.

Oceano XXI - Association for the Knowledge and Economy of the Sea
ECOMARE: plants
